What is the ScreenNJ Mobile Health Unit?

The ScreenNJ Mobile Health Unit is a mobile medical office designed to provide easy access to preventative cancer screenings, vaccinations and more. The self-contained unit travels throughout New Jersey providing state-of-the-art services to the medically underserved.

What kind of care can I receive?

We provide health services to help prevent and detect cancer. This includes checking one's risk for lung, breast, family history (genetic services) as well as providing HPV-cervical, colorectal and prostate screenings.

Do I need medical insurance to use the services provided on the mobile health unit?

No medical insurance is required. Cancer screenings are provided to those who fall within the screening guidelines and are considered uninsured or medically underserved. There are no costs for preventive screening services offered on the mobile health unit.

Do I need to make an appointment to receive services?

No appointments are needed to receive services but pre-registration may be required.

How long does a visit typically last?

The length of the visit will vary depending on the nature of the care received. In general, each medical visit is approximately 20 to 30 minutes, not including wait time depending on the queue.

What staff will be on the mobile health unit?

Our Mobile Health Team includes an Advanced Practice Nurse (Clinical lead), Patient Navigator/Medical Assistant, Community Services Coordinator, Patient Navigation Team and the Mobile Health Unit Driver. On occasion our outreach team may be available to share education and health literacy information to the community.

Is the Mobile Unit wheelchair accessible?

Yes, the ScreenNJ Mobile Unit is wheelchair accessible.

If I need follow-up care, who do I contact?

Patients will be referred to their local provider and healthcare facilities for further evaluation.

Early Detection Saves Lives
